

Diesel Hydraulic Power Unit Specifications

Model: IMI-115HDPU

<u>DESCRIPTION</u>	<u>SPECIFICATIONS</u>
Engine	Deutz model F6L914 115HP Tier III
Starter Type	Electric
Throttle.....	Auto Hydraulic Throttle
Hydraulic Pump.....	Gear Tandem
Hydraulic Output.....	84 GPM to 1000PSI. 38 GPM to 2400PSI
Hydraulic Filtration.....	10 Micron in tank
Hydraulic Tank Capacity.....	160 USG
Fuel Tank Capacity.....	50 USG
Overall Length.....	110 inches
Overall Width.....	52 inches
Overall Height.....	66 inches
Weight (Wet).....	6280 lbs.

OTHER FEATURES

- Positive air shutdown
- Auto shutdown for fan belt breakage, low oil & high temp
- Spark arrestor
- High output hydraulic oil cooler
- Full sump containment
- Powder coated
- Hose and storage container
- Four certified lift points
- 4"x8" forklift tubes

OPTIONS

- Gear, vane or piston pumps
- Remote hydraulic system dump
- Air or electric starter
- Tandem or single hydraulic system
